Wisconsin Sustainable Business Council

<https://www.wisconsinsustainability.com/>

The Wisconsin Sustainable Business Council's (WSBC) mission is to advance sustainable principles and practices forward through the power of business. We support companies and sustainability professionals to educate, measure and improve their sustainability outcomes and collaborate for shared success.

As a <https://www.wisconsinsustainability.com/membership> member-driven organization, we offer tools to educate, assess and integrate business-based sustainability practices. For 15 years we have been bringing together business leaders and sustainability professionals to collaborate on solving sustainability challenges and address environmental, social and governance actions in business. We meet all businesses where they are on their journey and assist them towards sustainability integration.

Join and upcoming webinar or our 15th annual conference on Nov 16 @ Lambeau Field in Green Bay

Free resources can be found on our website: <https://www.wisconsinsustainability.com/> under resources tab

Better buildings are our legacy. We're committed to transforming how our buildings are designed, constructed and operated through LEED. Our vision at the U.S. Green Building Council (USGBC) is that buildings and communities will regenerate and sustain the health and vitality of all life within a generation. Our mission is to transform the way buildings and communities are designed, built and operated, enabling an environmentally and socially responsible, healthy, and prosperous environment that improves the quality of life. [About USGBC](#)

LEED is green building. LEED, or Leadership in Energy and Environmental Design, is the most widely used green building rating system in the world. Available for virtually all building, community and home project types, LEED provides a framework to create healthy, highly efficient and cost-saving green buildings. LEED certification is a globally recognized symbol of sustainability achievement. [About LEED.](#)
